

In Southeast Michigan, we're lucky to have some of the finest healthcare facilities in the world.

So why choose one hospital over another? What's the difference? At St. Joe's it's a warm smile, a tender touch or a kind word.

There's something special about our people. All good hospitals care for you, but at St. Joe's, we also care about you. In fact, we're told we treat patients like family and that we are "the hospital with a heart."

We're just doing what comes naturally. So if caring about you makes St. Joe's special or better – that's great! This is what you should expect from your hospital.

At St. Joe's . . .
we care about you.

For information on women's services or a physician near you, call our Health Line at **1.800.372.6094**.
