

In Southeast Michigan, we're lucky to have some of the finest healthcare facilities in the world.

So why choose one hospital over another? What's the difference? At St. Joe's it's a warm smile, a tender touch or a kind word.

There's something special about our people. All good hospitals care for you, but at St. Joe's, we also care *about* you. In fact, we're told we treat patients like family and that we are "the hospital with a heart."

We're just doing what comes naturally. So if caring *about* you makes St. Joe's special or better – that's great! This is what you should expect from your hospital.

At St. Joe's . . .
we care about you.
